Bart F. Blaeser, D.M.D., M.D.

Dr. Blaeser grew up locally on the North Shore of Massachusetts. He attended Wesleyan University in Middletown, CT where he obtained a B.A. in chemistry in 1985 and a M.A. in Chemistry in 1989. He then attended Harvard Medical School and obtained his M.D. in 2008. He then completed a Pathology Fellowship at the Massachusetts General Hospital and Children’s Hospital Boston from 2008-2010 and served as chief resident in Oral and Maxillofacial Surgery at Massachusetts General Hospital and Children’s Hospital Boston from 2010-2012. This year, Dr. was the Pediatric Oral and Maxillofacial Surgery Resident in the Department of Oral and Maxillofacial Surgery at the Massachusetts General Hospital. He was a staff surgeon in Oral and Maxillofacial Surgery at the Children’s Hospital Boston.

Dr. Blaeser is a fellow of the American Association of Oral and Maxillofacial Surgeons (AAOMS) and is a diplomate of the American Board of Oral & Maxillofacial Surgery (ABOMS). He is an active member of the American Society of Plastic Surgeons, the American Academy of Facial Plastic and Reconstructive Surgery, and the American Academy of Craniofacial Pain researchers.

David A. Keith, BDS, FDSRCS, D.M.D.

Dr. Keith, a native of Chelmsford, UK attended Guy's Hospital Dental School, the University of Michigan, and the Omicron Kappa. She then completed a fellowship in Oral and Maxillofacial Surgery at the University of Wisconsin-Madison in 1992 and her dental education at Columbia University in 1998. Dr. Chang completed her undergraduate degree at the University of Wisconsin-Madison in 1992 and her dental education at Columbia University in 1998. She received the Glenda Garvey Academy teaching grant and Dr. Stanislaw H. Brzustowicz Junior Faculty Award for excellence in teaching. She was featured in the CBS News as a surgical resident at the Massachusetts General Hospital in 2003.

Dr. Chang is currently the Chief of the Oral and Maxillofacial Surgery Service at the Brigham and Women’s Hospital. She is an Associate Professor of Surgery at Harvard Medical School and serves as the Chief of Oral and Maxillofacial Surgery at the Massachusetts General Hospital. Dr. Chang’s research interests include bone and soft tissue grafting, orthognathic surgery, and surgical pathology and facial cosmetic surgery. She is a fellow of the American Board of Oral and Maxillofacial Surgery (ABOMS). She is a published author on the topics of trigeminal nerve repair and oral pathology.
